UPMASKARA SA LAHAT

OUR ONLY NJNYCT CHAPTER PROJECT IN COVID-19-TIME, 2021. STAY SAFE AND ENJOY. FOR PERSONAL USE AND AS GIFTS TO FAMILIES AND FRIENDS. YOUR SUPPORT IS APPRECIATED. Pre-order: upmaskara2021@gmail.com Dr. Andrea dL. Almendral
PRODUCT DESCRIPTION

Type: 2-ply face mask, opening slot, at user's left side, for disposable filter insert (not provided).

Material: Neoprene (Pls review: Mask links, Ex: neoprener.com) Neoprene material is stain-resistant, water-resistant, anti-dust, soft, stretchy, flexible, durable, man-made fabric. Shirring gives snug fit to nose and chin, continuing to ear loops. It is not-breathable, making it an excellent choice for face masks. No exhalation valve is in this design. It is reusable, portable and comfortable.

Color: solid maroon in front; black at the back, and mask-surrounded by black pipping continuing to the stretchable, non-adjustable ear loops.

Size: height 6"x width 6.5"

Thickness: 2-ply x 250 GSM each = Mask: 500 GSM (Grams/Square Meter density)

Printing: Full Sublimation printing type: UPMASA Seal at user's right, UP Sablay-baybayin design and gold statue of Jose P Rizal's "Triumph of Science over Death" at the left, lateral to the sablay, as in letterhead.

Design options: Same price

1. Solid plain maroon at the center third- minimalist.
2. A pale grey-shadow of the enlarged UPMASA Seal, printed at the center third.

Care: Washable, hand-wash shell with hand-soap, warm water and completely air-dry. Filter inserts (not provided) are disposable. With good care, this material could be used for 2 years.

On behalf of our officers and members, thank you all for your support,

Felicita F. Santiago, MD, UPMASA NJNYCT Chapter President (Term 2019-21) 02/11/21
